MiBo Medical
Innovations for Dry Eye

New C-Elite tips
Encapsulates the heat to treat all the glands at once

If you don't have the **MiBo** you're
NOT TREATING DRY EYE

All Rights Reserved MIBO Medical Group

The MiBo Thermoflo supplies **continuous controlled heat** that is applied to the outer skin of the eye lids along with ultrasound gel for a **gentle massage**.

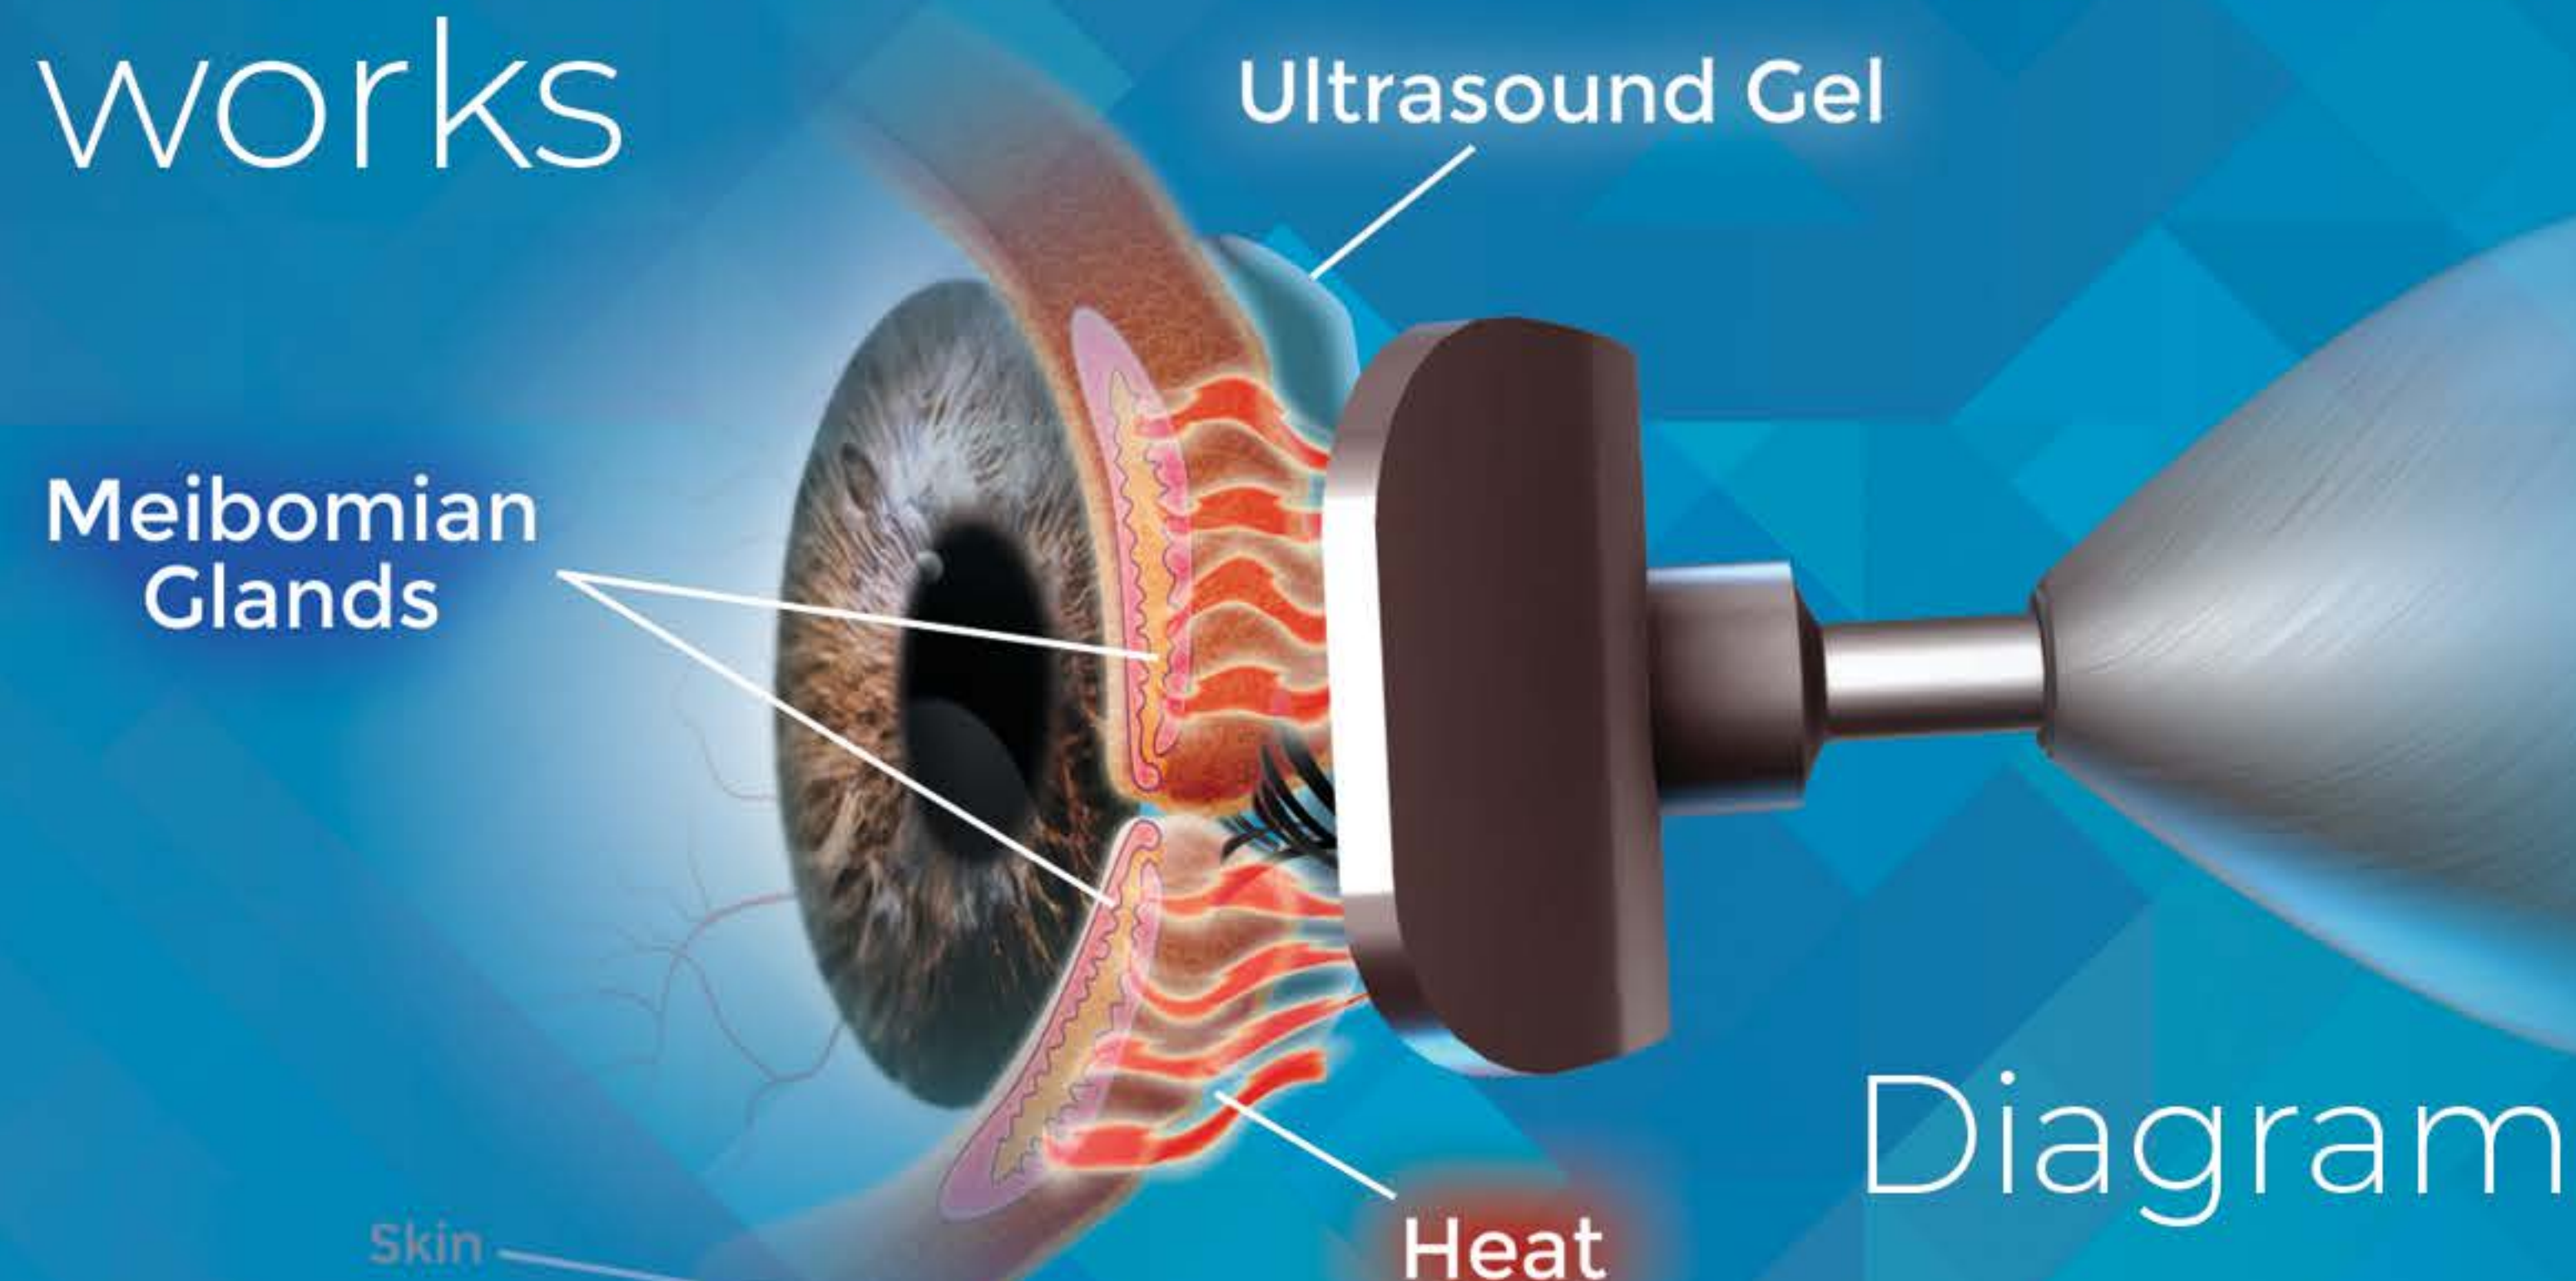

The heat is absorbed deep into the tissue and **breaks down the hardened lipids** in the meibomian glands.

With a specific **prescribed therapy regimen** the ducts of the meibomian glands will secrete **thinner and clearer lipids** which will allow for a **healthier tear film**.

Benefits for Practice

- Low cost investment
- Affordable treatments
- No disposables
- Tech driven
- Instant relief for patients
- Helpful beyond dry eye!

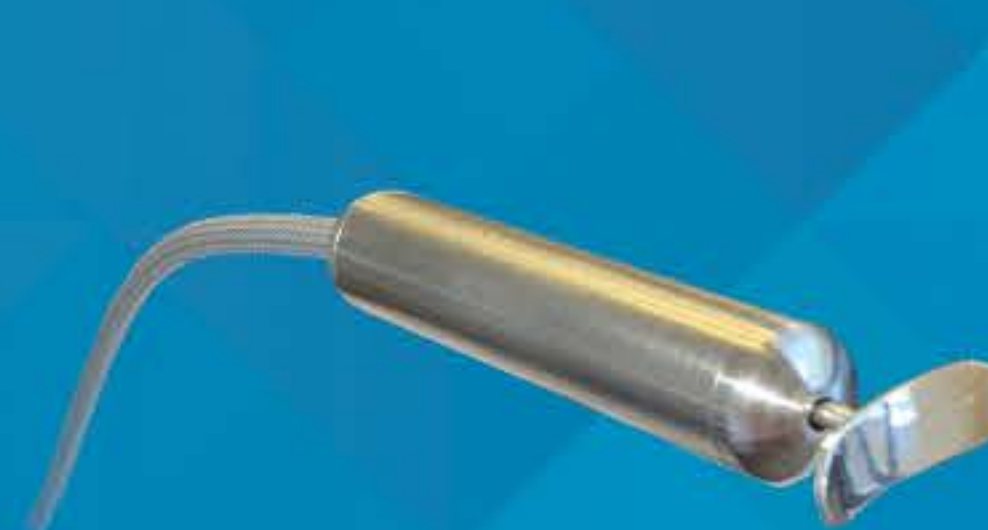

How MIBO THERMOFLO works

Dual Treatment

Diagram

Single Treatment

MiBo Thermoflo I

Model - 3931

The Thermoflo I is designed to offer the same effective treatment of our higher end devices. Not only is this our most cost effective unit, it's also a great alternative for offices with limited space. This unit also works great as a second unit for your office for offering MiBo treatments in multiple rooms.

Features:

- 4.3' Touch screen at fixed angle
- Removable Standard Single Hand Piece
- Silver Tips: Elite or C-Elite
- Auto temperature cut off post treatment
- Modes - Low -1% & Normal (108.5°f)
- Dimensions - 6.25"w x 8.5"d x 4"h
- Weight - 3 lbs
- 2 Year Limited Warranty

MiBo Thermoflo IIx dual

Model - 3932X Dual

The Thermoflo IIx is designed with a larger 5" touch screen. It comes with the new Dual Hand Piece that has a 7' cord plus the heater can be removed from handle to convert to a Single Hand Piece. The software offers 4 preset modes to adjust the temperature higher or lower during treatment for patient comfort. This unit can be upgraded with additional hand pieces.

Features:

- 5" Touch screen
- Removable Dual Hand Piece
- Silver Tips: C-Elite
- Auto temperature cut off post treatment
- Modes: Low -1%, Normal (108.5°f), High +1%, and Ultra +1.5%
